INEOS GRENADIER ACCESSORIES

INEOS GRENADIER

INTRODUCTION

In, out, above or behind, we've got a complete set of accessories to tailor Grenadier and Quatermaster for whatever they need to do, wherever they need to go. Whether that's hauling equipment out of the mud, carrying bikes to the mountains, adding protection from the elements or just keeping the loadspace tidy, we've got it covered. From Roof Racks, to Roo Bars (where available), Demountable Rear Winch to Kayak Carriers, Rock Sliders and Tool Brackets, the vehicle itself is just the start.

SPARE WHEEL MOUNT

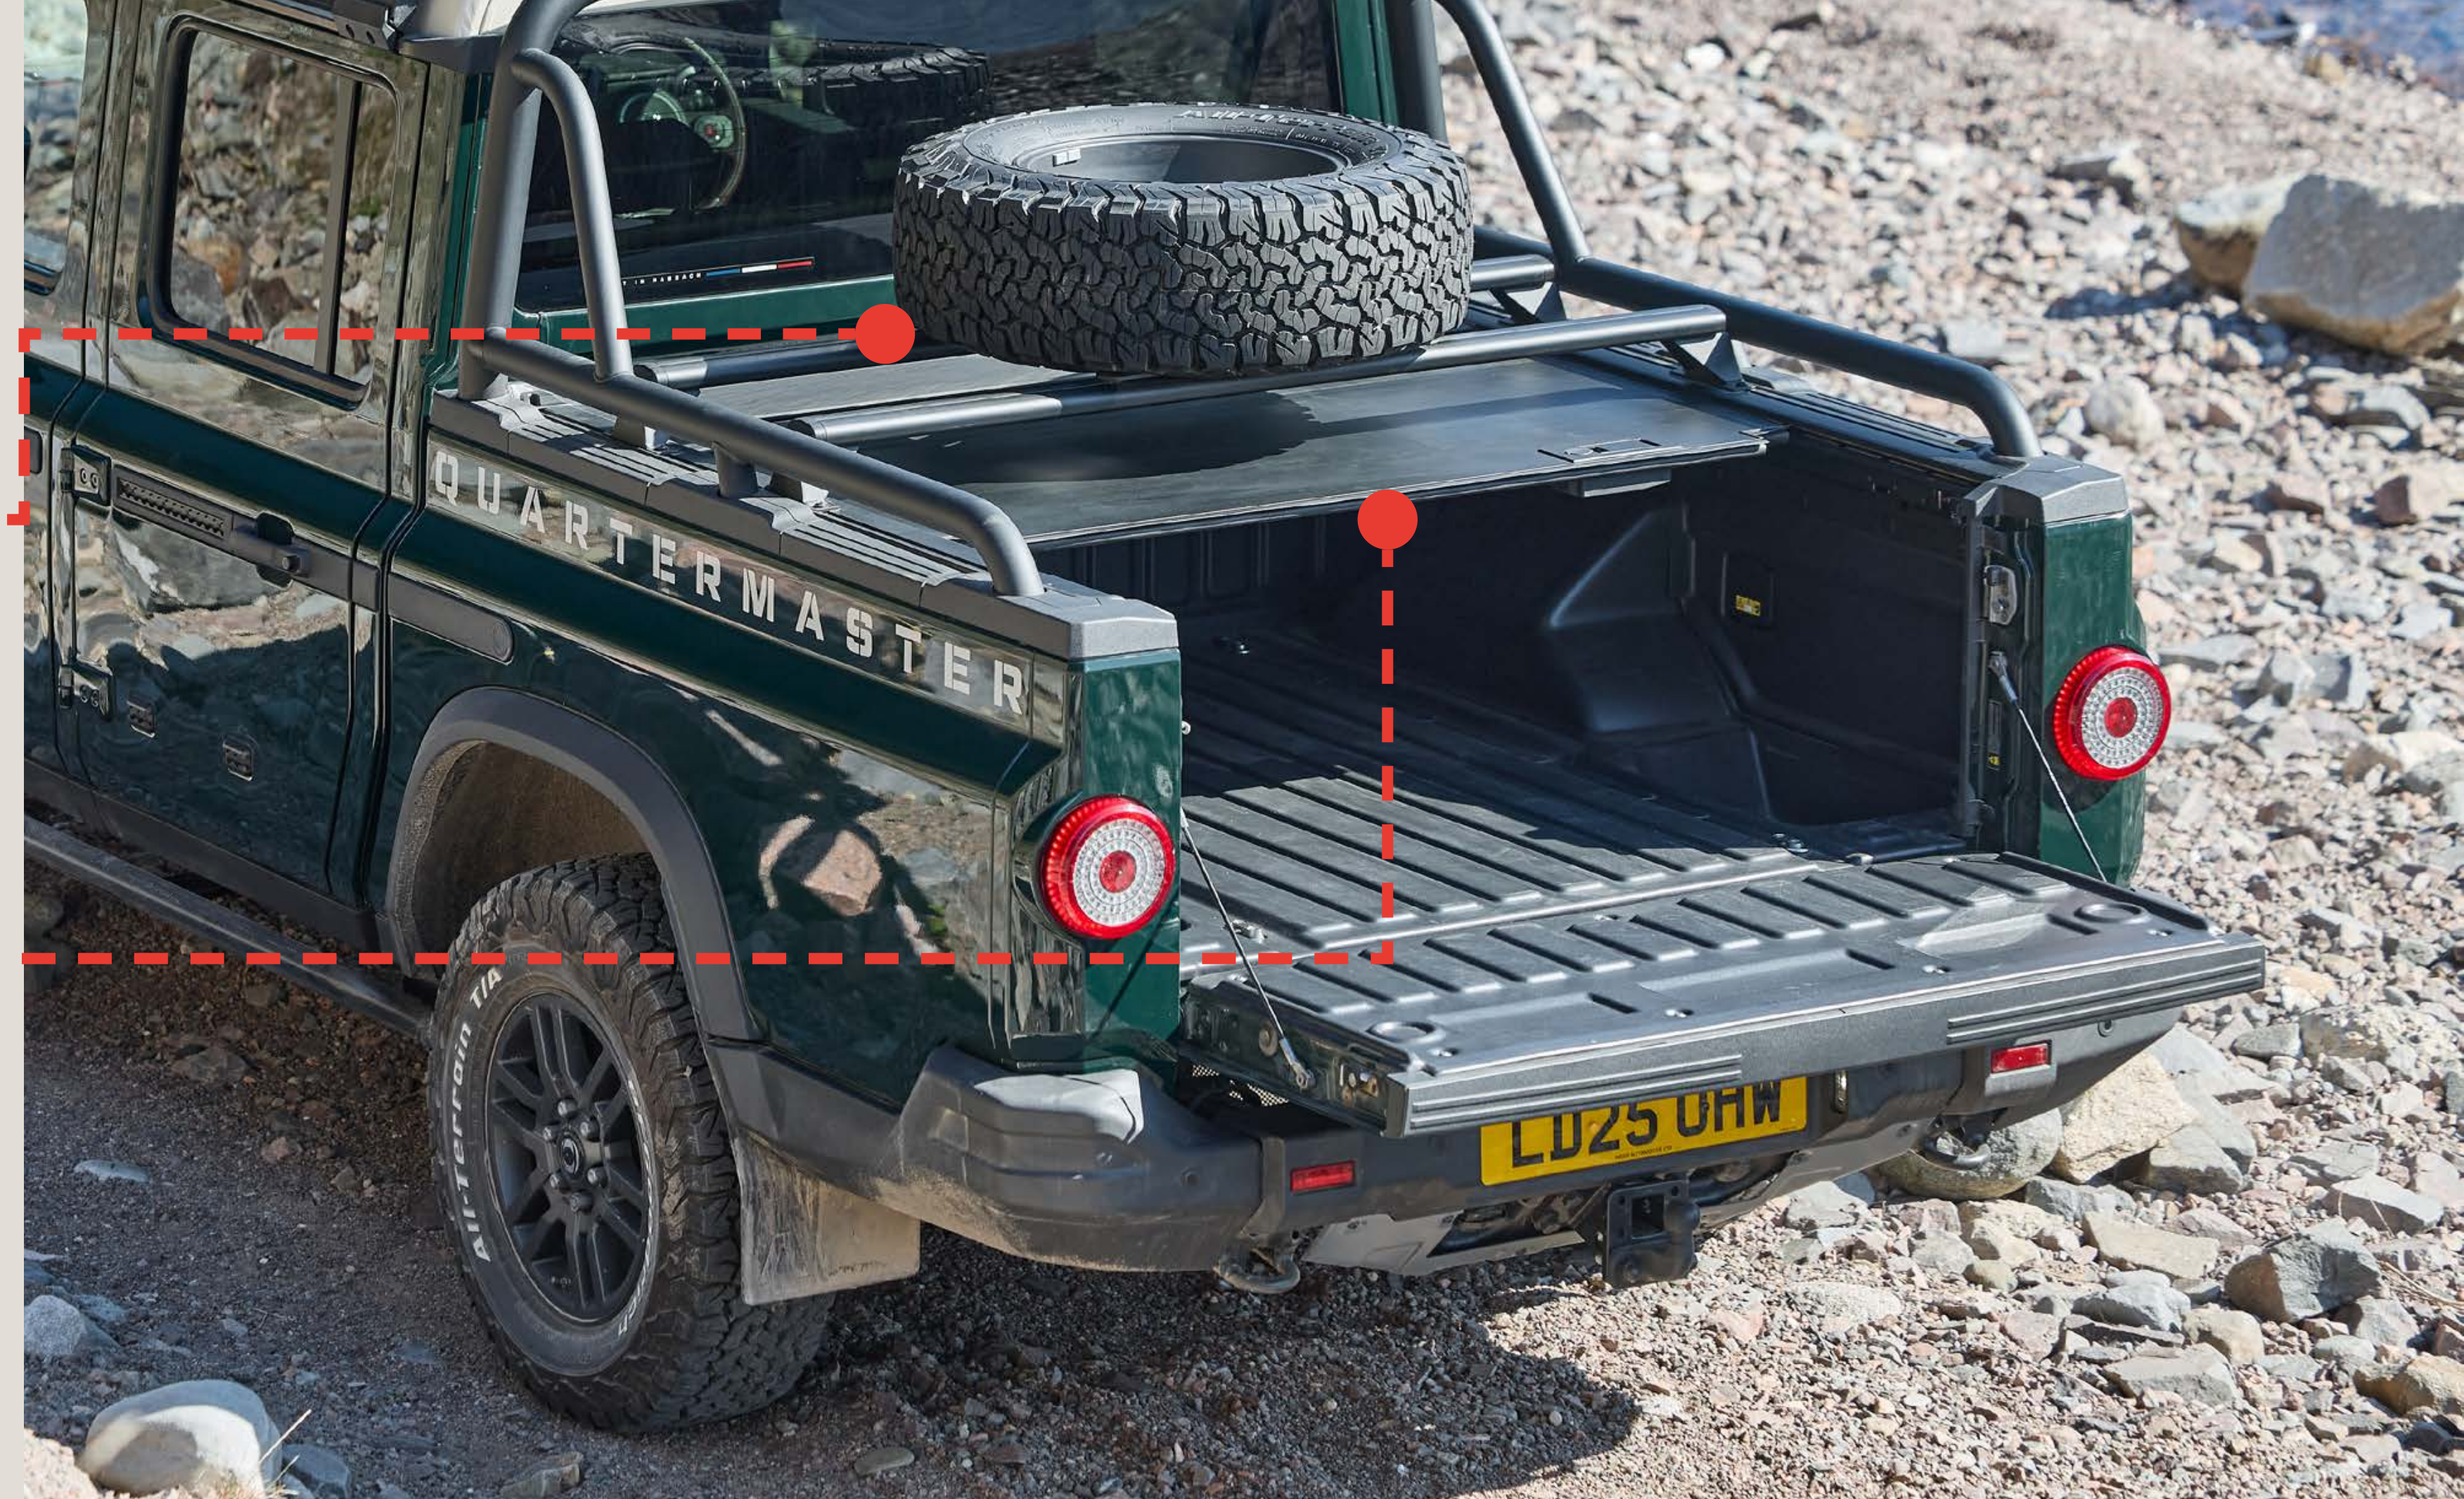

This bracket provides a secure way to transport a spare wheel utilising the cargo bay cross bars. Lockable load bay cover required.

LOCKABLE LOAD BAY COVER

Provides a secure lockable loadspace area to protect your cargo from weather and theft, the roller can be easily opened to utilize the cargo bay of your Quatermaster.

ROCK SLIDERS

Additional protection for the body and chassis of your vehicle. Made of heavy-duty powder-coated steel, Load Capacity: 2,000kg from underside. Not compatible with side runners, breakover angle does not affect vehicle ground clearance, does not affect Rock Slider ground clearance min. 289mm.

EXTERNAL

BULL/ROO BARS*

The bespoke Bull/Roo Bar fits the Grenadier perfectly, providing protection from animal strikes and other impacts to the front grill, radiator, lights and bodywork. Fully compatible with the Integrated Heavy Duty Winch.

SIDE PROTECTION RAILS*

Provide extra protection to the fenders from side impacts with the Side Protection Rails. (Bull/Roo Bar and Side Runners or Rock Sliders are required for fitment).

CHECKER PLATES*

Adding Checker Plates to the front fenders provides additional protection and strength, enabling you to stand on the front fenders without fear of damaging or denting the bodywork. They also enable the fenders to be used as a useful step when loading cargo on and off the roof.

*Market Specific.

LAND ROVER GRENADIER

OUT BACK

TAILGATE TABLE

Mounted on the rear 70% split door it has two uses: unfolded as a table, or as a panel to secure kit when in the upright position.

Load capacity: 30kg (static), 10kg (dynamic).

RECOVERY KIT

The RED Winches recovery kit provides useful tools to improve the capability of the winch, while also increasing safety and security.

REMOVABLE REAR WINCH

The Grenadier is available with a factory-fitted front winch. But if you want to be prepared for anything, add this 3.5 tonne self-recovery winch to your vehicle. Simple to fit and remove, it slots into the rear towing interface, and can be shared among vehicles with ease. Remote control operation, so you can keep well clear while it's in use. Pack it up and store it in the vehicle or at home when you don't need it. Only approved on Station Wagon, securing bracket in trunk area. Needs High Load Auxiliary Switch Panel & Electrical. Preparation (option) required.

RECOVERY KIT

INTERIOR

LOADSPACE PARTITION NET

Simple, effective way to protect passengers from stowed items by preventing them from entering the passenger compartment. Lightweight and easy to install.

Not compatible with cargo barrier or single draw unit.

COLLAPSIBLE LUGGAGE ORGANISER

Made from tough material with sturdy side walls, it's ideal for carrying and tidying groceries, toys, sporting equipment, tools and more. Collapsible and with a capacity of 45 litres.

CARGO MANAGEMENT SYSTEM

Attaches to the Interior Utility Rails, providing a flexible way to secure and divide cargo in the loadspace. Keeping it, and you, safe on the move. Interior Utility Rails (option) required.

QUICK RELEASE TIE-DOWN RINGS

Safely secure luggage or other loads to both the Interior Utility Rails and Exterior Utility Belt of your vehicle. Interior Utility Rails (option) required.

INTERIOR

CARGO BARRIER

Helps increase safety inside your vehicle, keeps pets, cargo and other contents safely away from driver and passengers. Not compatible with loadspace partition net, Height: 520mm, Width: 1,420mm, Mesh Density: 37mm steel wire grid. Divider can be added to separate items in the trunk.

DETACHED REAR WINCH, INC. MOUNTING BRACKET

Packed up and stored in the vehicle (or at home when you don't need it). Only approved on Station Wagon, securing bracket in trunk area. Needs High Load Auxiliary Switch Panel & Electrical. Preparation (option) required.

LUGGAGE NET

Secure items and luggage and prevent them from moving around the loadspace during transit. Elasticated and easy to attach to the Loadspace Tie-Down Rings or Quick Release Tie-Down Rings. Interior Utility Rails (option) required.

INTERIOR

SEAT COVERS

Protects your seats from water, mud and UV damage, as well as general wear and tear from passengers and pets. Airbag compatible and fully tested to ensure correct airbag deployment.

SINGLE DRAWER UNIT

Large, lockable drawer system which can carry up to 90kg of contents inside. In addition, it enables a full flat floor in the loadspace when the rear bench seat is folded forward. Please note, the Interior Utility Rails must be removed from the vehicle in order to fit the Loadspace Drawer System in place, as described in the fitting instructions. Load capacity 90kg inside and 200kg on top.

RUBBER FLOOR MATS

High-walled design helps protect floor from water, sand or dirt, perfect whatever the weather conditions.
