Accessories and their availability may differ by vehicle (body style and powertrain) and country or require the installation of other features in order to be fitted. Please contact your local Retail Partner for more details or configure your vehicle online.

Additional accessories used on the vehicle may affect performance, emissions, exterior dimensions and off-/on-road geometry. Fitment of certain accessories and their use on-road may be restricted and/or illegal, dependant on local laws. It is the user's responsibility to ensure full compliance with local laws. Do not load vehicle or any accessories (or any part of them) beyond their intended capacities or capability. Note: care should be taken when loading equipment on the roof, Roof Rack or Roof Cross-bars as this may change the vehicle's handling characteristics.

Off-road driving and use of related equipment (including options and accessories) requires advanced training and experience. Improper use of the vehicle or other equipment may be unsafe and could result in property damage and/or injury to users and/or other parties. It is the user's responsibility to check the vehicle, equipment, route and conditions ahead before proceeding. Consult the Owner's Manual, applicable accessories manual/instructions or your closest Retail Partner for more detail.
