INTRODUCTION

The Grenadier is built on purpose. A working tool designed to help you get the job done. Given the huge variety of tasks our rugged 4x4 will face around the world, we know you'll want to customize yours to your exact needs. That's why we developed it as a blank canvas, ready for you to make it your own.

From simply enhancing your everyday driving to storing and transporting essential tools and equipment, every accessory is designed so they can be installed easily by you. Or, if you prefer, one of our trained technicians. And all have undergone the same rigorous testing as the Grenadier to be as tough and reliable as the vehicle itself. We trust you'll find all the essential 4x4 kit you need.

INTERIOR

UP TOP

EXTERIOR

The Grenadier is built to be tough, capable and reliable. It's also a blank canvas for you to add the accessories you need to protect and equip yours as you get the job done, and return safely for many years to come. And for when off-the-beaten-track is your daily drive, our recovery accessories give you the gear to recover with confidence in any terrain, and any environment. All developed with industry-leading suppliers, so you're always prepared for every eventuality.

KEEP GOING **V**

SIDE RUNNERS

Good ground clearance doesn't mean getting in and out of the Grenadier has to be a struggle. Our Side Runners make the cabin easy to access. Slip-resistant footholds also provide a secure platform to stand on, for easy roof access along the full length of the vehicle. Constructed from powder-coated steel, they offer extra protection to your sills from dirt, rocks, and gravel. And act as handy vantage points when you're up to your axles in mud.

SPECIFICATIONS

WEIGHT	55.1 lbs
STEP HEIGHT FRONT/REAR	14.6 in/15.5 in
CLEARANCE TO SILL (HORIZONTAL)	4.4 in
MATERIAL	Powder-coated S235JR steel with rubber-protected (slip-resistant) stepping surfaces
COLOR	Black
LOAD CAPACITY (PER SIDE)	661.3 lbs
BREAKOVER ANGLE	Not affected
VEHICLE GROUND CLEARANCE	Not affected
SIDE RUNNER GROUND CLEARANCE	Min. 10.7 in

ROCK SLIDERS

Heavy duty. Powder coated. Steel construction. Our Rock Sliders are designed specifically to protect the body of your Grenadier when off-roading. Tucking in close to the undercarriage they have minimal effect on breakover angle and ground clearance. And together they're capable of holding the entire gross vehicle weight. As well as offering anchoring points for a Hi-Lift Jack.

SPECIFICATIONS

WEIGHT	112.4 lbs
CLEARANCE TO SILL (HORIZONTAL)	1.5 in
MATERIAL	Powder-coated S355JR steel
COLOR	Black
LOAD CAPACITY (PER SIDE)	4,409 lbs from underside
BREAKOVER ANGLE	Not affected
VEHICLE GROUND CLEARANCE	Not affected
ROCK SLIDER GROUND CLEARANCE	Min. 11.3 in

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

LED LIGHT BAR*

Off-roading in harsh environments, setting up camp at dusk, working in foul weather? You need lighting you can rely on. Mount the 40" LED Light Bar* to the Roof Rack or Cross-bars and hook up to the optional exterior roof connectors. Flick the switch on the Overhead Control Panel for serious illumination. Comes with a fitted cover for when not in use.

SPECIFICATIONS

WEIGHT	7.9 lbs
WIDTH / HEIGHT	4.0 in / 1.9 in
OPERATING POWER OUTPUT	210 W
NUMBER OF LEDS	42
MAX AMPS	14.9 amp
LIGHT COLOR	Cold (5,700 k)
BRIGHTNESS	17,640 Lumen
BEAM PATTERN	Combo (long distance & surrounding)

Optional High Load Auxiliary Switch Panel & Electrical Preparation required.

Off-road use only.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

*Please see full disclaimer on page 44.

CHECKER PLATES

The Grenadier's flat-top reinforced front fenders are designed to be practical – as a viewing platform or handy work surface. Make the most of them by adding our e-coated, aluminum Checker Plates. They increase the load the fenders can handle to 330 lbs each. And they're slip-resistant, so you can stand on them to safely secure and inspect loads on the roof, or get a better view of the wildlife.

SPECIFICATIONS

WEIGHT	3.9 lbs
SURFACE AREA	35.2 in X 11.6 in
SURFACE PATTERN	Diamond Plate
MATERIAL	0.11 in Aluminum alloy
COLOR	Black
LOAD CAPACITY (STANDARD)	330 lbs (198 lbs*)
FIXING SYSTEM	Double-sided tape + rivets

USMCA and Rest of World (ROW) fenders can take a 198 lb load without the checker plate e.g. sitting*
Additional fender reinforcement structure standard on USMCA and ROW vehicles.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

 **KEEP GOING** 

CYCLONE PRE-CLEANER

Our Cyclone Pre-Cleaner attaches to the Raised Air Intake to provide an added layer of filtration for your engine to prevent excess dirt and dust getting in. A must if you regularly face extreme dust or sand in your Grenadier.

SPECIFICATIONS

WEIGHT	3.9 lbs	
DIAMETER	11.0 in	
MATERIAL	Heavy-duty solid polypropylene	
COLOR	Black	
EFFICIENCY TEST	ISO 5011, SAE J726	
RATED FLOW LOW RANGE	R 448 cfm (12.7 m ³ /min)	
RATED FLOW HIGH RANGE	R 851 cfm (24.1 m ³ /min)	
SERVICE INTERVALS (CLEANING)	Self-cleaning (no maintenance bowl to clean)	
HEIGHT	With Cyclone 86.0 in	Without Cyclone 80.7 in

INEOS Automotive Raised Air Intake option required.

Off-road use only.

Availability of Bull Bar and Side Protection Rails depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

LED light bar shown in picture presents important disclaimer on page 44.

LOCKING WHEEL NUTS

Secure all your Grenadier's wheels with this locking wheel nut set.

SPECIFICATIONS

WEIGHT	1.3lbs
MATERIAL	Bright EN 10277 steel
COLOUR	Silver
QUANTITY	5
SECURITY PATTERN	Computerized

Compatible with all INEOS Automotive wheel options as well as the optional Spare Wheel Lockable Storage Box.

Available as an option when you order.

 KEEP GOING V

REMOVABLE REAR WINCH

The Grenadier is available with a factory-fitted front winch. But if you want to be prepared for anything, add this 7,716 pound self-recovery winch to your vehicle. Simple to fit and remove, it slots into the rear towing interface, and can be shared among vehicles with ease. Remote control operation, so you can keep well clear while it's in use. Pack it up and store inside or at home when you don't need it.

SPECIFICATIONS

WEIGHT	92.5 lbs
ROPE MATERIAL	UHMWPE
ROPE LENGTH	65.6 ft
PULLING CAPACITY	7,716 lbs
VEHICLE LENGTH VS STANDARD	+6.6 in
WIDTH X HEIGHT X DEPTH	23.1 in x 11.3 in x 14.6 in
AMPERAGE (MIN/MAX)	65 Amps / 150 Amps
CONTROL	Wireless
SERVICE INTERVAL	Service at 36 months
FREESPOOL OPERATION	Manual, rotating lever
SPEED	19.6 ft/min (6 m/min) (No load, average)

Optional High Load Auxiliary Switch Panel & Electrical Preparation required.

Optional towing interface required.

Off-road use only, the Removable Winch must be removed and stowed before joining a public highway.

Before towing or winching consult your Owner's Manual or closest dealer for more details. The winching capacity of your Grenadier may vary.

RECOVERY KIT

This handy addition to your off-road tools includes all the basics you need to boost your winching capability, including alloy pulley, bow shackles, soft shackles, non-kinetic recovery strap, one tree saver strop, and a pair of gloves. All neatly stowed in its own canvas bag.

KIT CONTENT	SPECIFICATIONS
1x ALLOY PULLEY	MBL 11,200LBS
2x BOW SHACKLE	8,960LBS WLL 7 to 1 Safety Factor- MBS 62,720LBS
2x SYNTHETIC SOFT SHACKLE	0.4 in rope MBS 29,120LBS
1x NON KINETIC RECOVERY STRAP	32.8FT/24,640LBS
1x NON KINETIC RECOVERY STRAP	13.1FT/26,880LBS
1x TREE SAVER STROP (ROUNDSLING)	9.8FT/22,400LBS MBS
1x BAG	6.3 US gal
1x PAIR OF GLOVES	Synthetic Leather and Elastane

Before towing or winching consult your Owner's Manual or closest dealer for more details. The winching capacity of your Grenadier may vary. Off-road driving and related equipment requires advanced training and experience and may result in property damage and/or injury. Always check vehicle, route and conditions ahead before proceeding.

INTERIOR

Every interior accessory is designed to make your life easier, and your vehicle as flexible, practical, and durable as possible. Ready for you to take on challenging work and adventures around the world. And be best equipped for the tasks at hand.

SEAT COVERS

Protect your seats from water, mud, heavy equipment and general wear and tear with our Heavy-Duty Seat Covers. Easy to fit, clean and remove, you can quickly transform your Grenadier from weekday workhorse to smart weekend family vehicle.

SPECIFICATIONS

WEIGHT	Front Row 2.6 lbs, Rear Row 5.2 lbs
MATERIAL	600D Polyester
COLOR	Black
CHOICE	Front Row / Rear Row (Sold Separately)

Airbag compatible.

RUBBER FLOOR MATS

Tough, practical, and made for heavy duty use. These high-walled, molded mats protect the floor from water, sand, dirt, or anything unsavory that's attached itself to your footwear. Easy to fit and remove, and built to last.

SPECIFICATIONS

WEIGHT	9.2 lbs
MATERIAL	TPE-70 shore A compound
COLOR	Black
PATTERN	Hexagon
FIXING	Driver's mat only
QUANTITY	4

CARPET FLOOR MATS

These high-quality Carpet Floor Mats* made of regenerated nylon are shaped to the footwells. A smart addition to your vehicle's interior that protects your floor trim, too.

SPECIFICATIONS

WEIGHT	3.7 lbs
MATERIAL	23.5 oz/yd ² Econyl® Jarn carpet
COLOR	Black
PATTERN	Plain
FIXING	Driver's mat only
QUANTITY	4

*Also available as an option during the order process.

SPECIFICATIONS

WEIGHT	14.5 lbs
WIDTH	27.1 in
DEPTH	15.3 in
MATERIAL	Alloy zinc-plated steel
COLOR	Black
LOAD CAPACITY (UPRIGHT - DYNAMIC)	22 lbs
LOAD CAPACITY (DEPLOYED - STATIC)	66 lbs

TAILGATE TABLE

Fitted to the rear 70 door, this foldable Tailgate Table has a wide range of uses. When stowed upright it works as a panel for attaching up to 22 lbs of equipment or tools. Reached your camp for the night? Open the rear doors, fold down and make use of the extra space. It can then hold up to 66 lbs. Perfect for a camp kitchen setup with stove and prep area.

Stove and camping cooking set not included.

LUGGAGE ORGANIZER

Open out to half- or full-size, to carry or tidy tools, sporting equipment, shopping and more. It's easy to store and fold when not in use and built to last with reinforced base plates and sturdy side walls.

SPECIFICATIONS

LENGTH (FULL/HALF)	22.4 in/11.4 in
WIDTH	14.1 in
HEIGHT	12.2 in
VOLUME CAPACITY (FULL/HALF)	11.8 G / 5.9 G
MATERIAL	Polyester
COLOR	Black

Interior Utility Rails required for fitting. Not to be used with Exterior Utility Belt.

Always secure cargo in the loadspace.

LOADSPACE PARTITION NET

The simple and effective way to protect passengers from items stowed in the loadspace, this net prevents loose cargo from entering the front of the vehicle. Lightweight and built to last, it quickly connects to D-loops and fixings in the roof lining and is easy to detach when you don't need it.

SPECIFICATIONS

WEIGHT	0.8 lbs
HEIGHT	22.0 in
WIDTH	29.1 in
MATERIAL	Polyester fabric oxford 400d pu waterproof
COLOR	Black
FIXING POINTS	Eyelets/Tie-Down Rings

Always secure cargo in the loadspace.

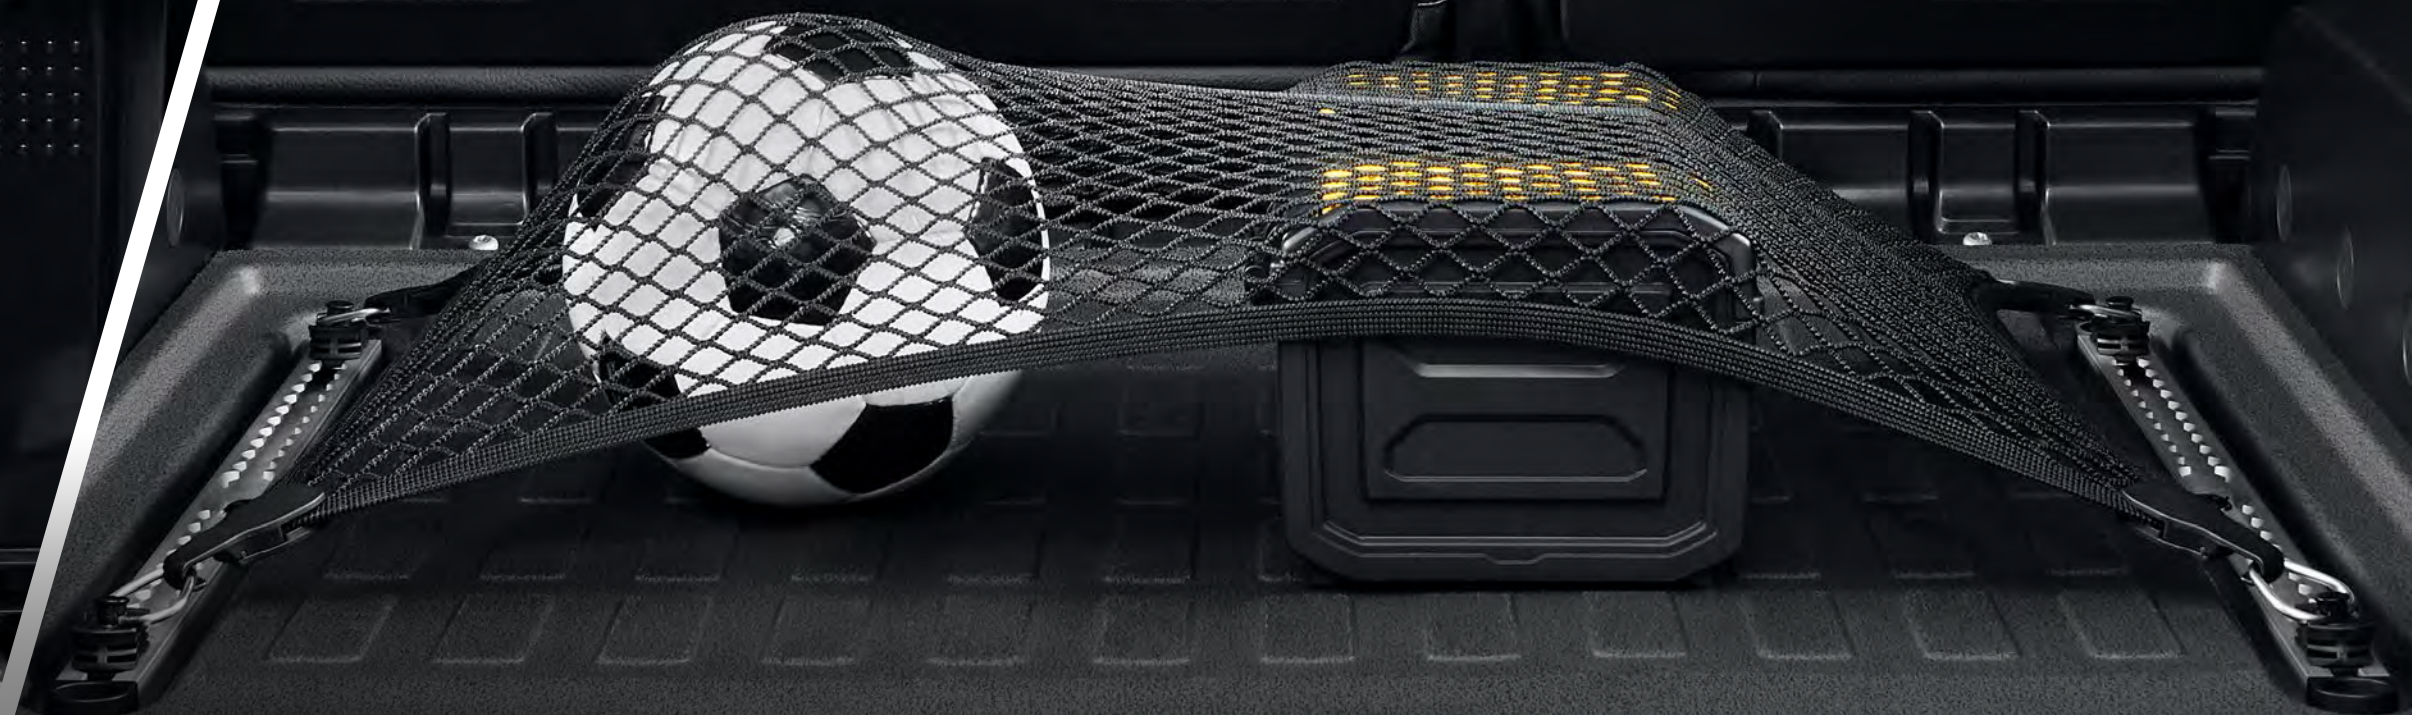

LUGGAGE NET

This handy elasticated net secures items and luggage to the floor of your vehicle to stop them from shifting around the loadspace. Easily hooks to tie-down points on the floor.

SPECIFICATIONS

WEIGHT	0.8 lbs
DEPTH	21.6 in
WIDTH	29.5 in
MESH DENSITY	1.9 in
MATERIAL	Net: PES+Spandex Hooks: PA6-GF30
COLOR	Black
FIXING POINTS	Tie-Down Rings

QUICK RELEASE TIE-DOWN RINGS

These four practical, quick-release Tie-Down Rings are compatible with both our Interior Utility Rail and Exterior Utility Belt. So, you can adapt them to a range of uses. Add to the Interior Utility Rails for extra tie-down points. And when working in the field, clip kit to the Exterior Utility Belt for easy access.

SPECIFICATIONS

WEIGHT	0.4 lbs
MATERIAL	Main body: glass fiber reinforced injection molding Lashing loop: zinc-plated steel
COLOR	Black and silver
FIXING POINTS	Exterior Utility Belt and Interior Utility Rail
CONTENTS	Pack of 4

On-road use prohibited, cargo secured to Exterior Utility Belt must be removed and stowed before joining a public highway.

*Do not exceed the overall Interior Utility Rail or Exterior Utility Belt load capacities.

Add-ons not included.

UP TOP

Work, leisure, off-road adventure. Whatever you need to carry up top, our choice of add-on accessories for your Roof Rack and Cross-bars are designed to help you tackle any task. So, whether you're hitting the trails, catching some waves, camping in the wilds, or just need to get the job done, you can carry all the equipment you need.

ROOF RACK

Designed by experts Rhino-Rack, and built from steel and aluminum, this sturdy Roof Rack is created specifically to fit your Grenadier. Powder-coated for corrosion and scratch resistance, it's built to last. Batwing Side Awning, Surfboard Carrier, Spare Wheel Carrier – whatever add-on accessory you choose, installing our Grenadier Roof Rack accessories is simple.

SPECIFICATIONS

WEIGHT	132.2 lbs
LENGTH	99.6 in
WIDTH	62.5 in
MATERIAL	Platform: 6063-T5 aluminum Foot: Stainless steel
COLOR	Black
LOAD CAPACITY (DYNAMIC/STATIC)	198 lbs / 794 lbs
FIXING POINTS	4 on each side, attached to drain gutter
ACCESSORIES MOUNTING SYSTEM	T-slot on five longitudinal slats and outer perimeter
VEHICLE HEIGHT	With Roof Rack 84.6 in (+3.9 in)

Full Length Roof Rack designed and engineered by Rhino-Rack for INEOS Automotive, proven during Grenadier testing.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Safari Windows cannot be opened or removed when roof rack is installed.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

BATWING SIDE AWNING

This heavy-duty, all-weather Integrated Side Awning deploys 270° to shelter you from the elements. Mounted on the side of the Roof Rack or Cross-bars, it's quick and easy to put up and comes complete with poles, ropes, and pegs. When not in use, simply store it away in the tough PVC bag.

SPECIFICATIONS

WEIGHT	47.3 lbs	
OPENING	270 degrees opening	
MATERIAL	Awning	210D polyester PU2000mm waterproof Rip stop Poly Cotton Canvas powder-coated poles and frame
	Storage bag	Heavy duty 17.1 oz/yd ² PVC
FIXING POINTS	T-slot (left side of vehicle)	
CONTAINS	1 awning	

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

SPARE WHEEL CARRIER

Want to carry a spare spare[†]? Load and secure an extra wheel[†] on the Roof Rack with this useful carrier.

SPECIFICATIONS

WEIGHT	3.3 lbs
MATERIAL	Mild Steel/ ABS Plastic
LOAD CAPACITY	One spare wheel [†]
FIXING POINTS	T-slot
CONTENTS	Metallic bracket

[†]Spare wheel not included.

LOAD CORNER BRACKETS

Coolers, storage bins, toolboxes – secure square, hard-shelled containers on the Roof Rack. Comes with four corner brackets, bolts and eyelets. Simply adjust to your load size, bolt down and use your own straps to secure it.

SPECIFICATIONS

WEIGHT	2.2 lbs
MATERIAL	Powder-coated diecast aluminum
LOAD CAPACITY	88 lbs
FIXING POINTS	T-slot
CONTENTS	4 Metallic brackets + eyelets

Toolbox not included.
Straps not included.

HI-LIFT JACK MOUNT

Mount your Hi-Lift jack to the Roof Rack or Cross-bars easily with these two sturdy brackets.

SPECIFICATIONS

WEIGHT	2.2 lbs (pair)
MATERIAL	Powder-coated steel
LOAD CAPACITY	1 Hi-Lift Jack
FIXING POINTS	T-slot
CONTENTS	2 metal brackets

Not compatible with hydraulic Hi-Lift Jacks, only compatible with standard mechanical Hi-Lift Jack.

Hi-Lift Jack not included.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

WORK LAMP BRACKET

You can never have too much light, especially when bad weather rolls in. This bracket* provides a strong, stable platform for small spotlights. And gives you the flexibility to mount them anywhere along the Roof Rack or Cross-bars.

SPECIFICATIONS

WEIGHT	1.1 lbs
MATERIAL	Powder-coated steel
FIXING POINTS	T-slot
CONTENTS	1 universal light bracket

*Light must not be switched on when driving on public road.

*Spotlight not included.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

FOLDING AERIAL MOUNT

Improve your long-range radio and TV reception using our versatile aerial mount†. You can also use it with sand flags, small LEDs and spotlights. With seven steps across 180° of rotation you can always find the perfect spot, then secure it in place.

SPECIFICATIONS

WEIGHT	2.2 lbs
MATERIAL	Powder-coated steel
FIXING POINTS	T-slot
CONTENTS	1 bracket

†Aerial not included.

SURFBOARD CARRIER

When swell and offshore winds are calling, carry your surfboard easily on your Grenadier's Roof Rack. Longboard or shortboard up top, you'll have a clear view out of your vehicle, and free up space inside. A Stand-Up Paddleboard fits safely too. Comes with a pair of 11.4 foot tie-down straps. Easy to fit, and remove, and extremely secure. You can fit one board per carrier, and two carriers side by side.

SPECIFICATIONS

WEIGHT	1.1 lbs
MATERIAL	Nylon Material outer, Diecut Foam inner
LOAD CAPACITY	1 surfboard
FIXING POINTS	Straps to cross slats
CONTENTS	2 pads + 2 straps

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

SAND LADDER FLAT MOUNTING BRACKETS

Heading for the deep stuff and looking to add more grip? You'll need your sand ladders to get you out of a bind. Secure one or two sand ladders easily to the Flat Mounting Brackets.

SPECIFICATIONS

WEIGHT	3.7 lbs
MATERIAL	Powder-coated steel
LOAD CAPACITY	Stack up to 4 x Maxtrax or 2 x Tred
FIXING POINTS	T-slot
CONTENTS	2 brackets

Sand ladders not included.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

HEAVY DUTY SHOVEL

This versatile and compact tool is made from high-carbon steel for maximum strength and is zinc-plated for an extra-long life. It's the go-to shovel for adventurers on the move. Created by Rhino-Rack to fit to the tool bracket.

SPECIFICATIONS

WEIGHT	6.6 lbs
MATERIAL	Heavy duty powder and zinc coated carbon steel / fiberglass shaft
CONTENTS	1 heavy duty shovel

TOOL BRACKET

Secure your axe, shovel, kayak paddle or SUP paddle, or other tools with a 0.3-1.9 in diameter handle to the Roof Rack or Cross-bars. The pair of brackets are lockable, spring-loaded for quick locking and release, and easy to access when the going gets tough.

SPECIFICATIONS

WEIGHT	0.6 lbs
MATERIAL	Powder-coated aluminum
LOAD CAPACITY	17.6 lbs
FIXING POINTS	T-slot
CONTENTS	2 tool brackets

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Side Mount fixings sold separately, does not include mount pins or straps.

CROSS-BARS

This pair of lightweight aluminum Cross-bars with steel feet are built by Rhino-Rack specifically for the Grenadier. Attach your Bike Carrier, Kayak Mount, Cargo Box, or other equipment across the Cross-bars' full 66.9 in width. Can be fitted easily at any point along the roof.

SPECIFICATIONS

WEIGHT	31 lbs
WIDTH	66.9 in
MATERIAL	Cross-bars: Powder-coated 6063-T6 aluminum Feet: Powder-coated Stainless Steel 304
COLOR	Black
LOAD CAPACITY (DYNAMIC/STATIC)	165 lbs (off-road) 209 lbs (on-road) / 826 lbs
FIXING POINTS	2 on each side, attached to drain gutter
ACCESSORIES MOUNTING SYSTEM	T-slot on the four sides of each crossbar
VEHICLE HEIGHT	With Cross-bars 84.3 in (+3.5 in)

Roof Cross-bars designed and engineered by Rhino-Rack for INEOS Automotive, proven during Grenadier testing.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

CARGO BOX

Store luggage and kit on the roof of your Grenadier with our lockable waterproof Cargo Box. Quickly secure to the Cross-bars T-slot. And load up from either side of the vehicle. Simply lock the box and hit the road.

SPECIFICATIONS

WEIGHT	39.6 lbs
MATERIAL	ABS / Acrylic Styrene Acrylonitrile
LOAD CAPACITY	165 lbs
VOLUME CAPACITY	116.2 US gal
FIXING POINTS	T-slot
CONTENTS	1 box + 2 keys

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories beyond their intended capacities.

Vehicle wrap shown is not available for purchase.

KAYAK MOUNTS

Safely carry your kayak on the roof with either of our mounts. The J-Style holds the kayak on its side, freeing up roof space for other accessories, or another mount. While the Saddle Mount seats a single kayak or canoe flat and lower to the roof.

SPECIFICATIONS: SADDLE MOUNT (SHOWN IN MAIN IMAGE)

WEIGHT	5.0 lbs
MATERIAL	Fibreglass Nylon/Santoprene
LOAD CAPACITY	One boat up to 132 lbs
FIXING POINTS	T-slot
CONTENTS	4 Saddles + 4 straps

SPECIFICATIONS: J-STYLE MOUNT

WEIGHT	10.8 lbs
MATERIAL	Powder-coated steel, neoprene, corrosion-resistant
LOAD CAPACITY	One boat up to 99 lbs
FIXING POINTS	T-slot
CONTENTS	2 J style brackets + 4 straps

Kayak not included.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

BIKE CARRIER

Built from lightweight aluminum, it handles wheels from 20" to 29". Simply strap them down and lock your front fork in place with the protective bar. Then secure further with the lockable cable. Add up to three Carriers across the roof. The quick-release mechanism means you'll waste no time getting in the saddle.

SPECIFICATIONS

WEIGHT	16.5 lbs
MATERIAL	Premium aluminum casting
VOLUME CAPACITY	1 bicycle up to 29" wheels
LOAD CAPACITY	1 bicycle up to 46 lbs
FIXING POINTS	T-slot
CONTENTS	1 bracket + 2 keys + 1 security cable

Bicycle not included.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Prototype vehicle image. Some features may not be representative of the final vehicle specifications.

SKI/SNOWBOARD CARRIER

Heading up the mountain for a bluebird powder day? Secure your skis and snowboards on the roof with this lockable carrier. Fits up to four pairs of skis or two snowboards back-to-back, with easy lock and release mechanism for gloved hands.

SPECIFICATIONS

WEIGHT	5.5 lbs
MATERIAL	Coated aluminum + plastic rubber
LOAD CAPACITY	4 pairs of skis or 2 snowboards
FIXING POINTS	T-slot
CONTENTS	2 ski brackets + 2 keys

Snowboard not included.

Vehicle wrap shown is not available for purchase.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

ADJUSTABLE LOAD HOLDER

Need to move timber, ladders, or other lengthy cargo? Slot the pair of Load Holders onto the Cross-bars, adjust and lock their position with the quick-release mechanism.

SPECIFICATIONS

WEIGHT	1.1 lbs
MATERIAL	Fibreglass Reinforced Nylon
FIXING POINTS	T-slot
CONTENTS	2 brackets

CARGO LOAD STRAPS

Strap kit securely to your Roof Rack or Cross-bars with these handy Cargo Load Straps. At 18 feet, they're long enough to safely lock down even larger items. And with guards on the buckles, you can be sure your roof or load won't be damaged.

SPECIFICATIONS

WEIGHT	1.1 lbs
MATERIAL	Polypropylene Webbing/ TPV Rubber Buckle Protector
LOAD CAPACITY	496 lbs
CONTENTS	2 x 18 ft rapid straps

Adjustable Load Holder and Cargo Load Straps sold separately.

Ladder not included.

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

Vehicle wrap shown is not available for purchase.

LOCKDOWN SECURITY CABLE

With the amount of kit you can store up top, you need to be sure whatever's on view stays secure wherever you park up. Weave this plastic-sheathed cable over, through and under your cargo and lock it down.

SPECIFICATIONS

WEIGHT	1.1 lbs
MATERIAL	Plastic-sheathed steel intertwined cord
FIXING POINTS	T-slot

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

ROOF TIE-DOWN RINGS

Need extra tie-down points to secure more kit and cargo? You can slide these four galvanized steel rings along the full length of the Roof Rack or Cross-bars, and lock into place with a quick and easy twist-lock action.

SPECIFICATIONS

WEIGHT	2.2 lbs
MATERIAL	Base: Galvanized steel Rings: Powder-coated galvanized steel
FIXING POINTS	T-slot
CONTENTS	4 rings

Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities.

BUYING

Equipping your Grenadier out for what you want it to do means fitting the right accessories to get the job done. Don't worry, you can do it through our [online configurator](#). Here you'll find all the information you need about our accessories. Including tech specs and fitting instructions.

LIMITED WARRANTY

Every Grenadier has durability and reliability built in. And the same applies to every one of its Accessories. Having proven each of them over 1.1 million miles of testing we're confident in their capability and quality. So we back them all up with a comprehensive three-year limited warranty.

INSTALLATION

Sometimes you'll need to be able to carry out repairs and remove and reinstall an accessory in the field. That's why we developed them all to be easy to fit, with simple installation instructions.

Bull Bar and Side Protection Rails availability depends on region.

Vehicle wrap shown is not available for purchase.

Written and visual depictions (including photographs and colors) of the vehicle and/or accessories within this brochure are for illustrative purposes only and should not be relied upon.

The maximum roof load of the vehicle as specified in the owner's manual must not be exceeded. The total roof load consists of; the weight of the roof accessories, the weight of the roof rack or crossbars and the weight of the Roof accessory contents.

INEOS Automotive may make updates to the specifications, options and accessories prior to production. Details provided may not reflect final specifications or availability. Details provided do not constitute an offer for the sale of any particular vehicle at any particular price or specification. Consult your closest Dealer for more detail.

Optional features, accessories and their availability may differ by vehicle (body style and powertrain) and country or require the installation of other features in order to be fitted. Note that some standard features may be replaced when specifying a vehicle or selecting trim levels. Please contact your local Dealer for more details or configure your vehicle online. Warranty periods offered by INEOS on certain features may be limited and differ in duration. Please refer to the INEOS Automotive Manufacturers Limited Warranty Terms and Conditions for details of variations and exceptions.

Additional options offered for the vehicle may affect performance, emissions, exterior dimensions and off/on-road geometry. Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities. Consult the Owner's Manual, applicable accessories manual/instructions for more information.

Off-road driving and use of related equipment (including options and accessories) requires advanced training and experience. Improper use of the vehicle or other equipment may be unsafe and could result in property damage and/or injury to users and/or other parties. It is the user's responsibility to check the vehicle, equipment, route and conditions ahead before proceeding. Consult the Owner's Manual, applicable accessories manual/instructions or your closest Dealer for more detail.

The Utility Belt option has restricted usage on-road, dependent on local laws.

Only use in-car features when safe to do so. Driving while distracted can result in loss of vehicle control, damage to property, injury or death. Always obey local laws and speed limits.

Vehicle wrap shown is not available for purchase.

The LED Light Bar only works with the 2024 INEOS Grenadier. Warning – this part has been designed and is intended for Off-Road Application Only, not for use on public roads. This part may not be installed by INEOS or an INEOS dealer, and may not be sold or financed in conjunction with the sale of a vehicle. INEOS Automotive Americas, LLC does not authorize and strictly prohibits the installation of any part designated as "Off-Road Application Only" by INEOS, an INEOS dealer or authorized repair provider. Installation and use of this part on a vehicle intended for use on public roads may violate U.S., Canadian, state or provincial laws and regulations, including those relating to emission requirements and motor vehicle safety standards. Such installation is solely the responsibility of the vehicle owner. The vehicle owner is responsible for using the part in compliance with federal, state, provincial and local laws. In addition, installation of this part may adversely affect the warranty coverage on your vehicle.
